If you maintained the investment and assuming the balance of the investment remains at \$500,000, the annual review fee will be \$3,300 per annum, of which \$0 is retained by Lifespan, \$3,300 is paid to Premier Financial Planning & Investment Services.

Example for Risk Products

If you receive advice regarding insurance, the SoA fee could be \$660 of which \$0 is retained by Lifespan, \$660 is paid to Premier Financial Planning & Investment Services. Should you proceed with the advice, then the SoA fee will be waived. However, if the policy is cancelled in the first two years ('responsibility period') you will be liable for the portion of the commission clawed back.

If you take out a life insurance policy with an annual premium of \$1,500, assuming the highest commission for the Upfront Option is selected at 66%, the upfront payment to Lifespan would be \$990, of which \$0 is retained by Lifespan, \$990 is paid to Premier Financial Planning & Investment services. The maximum ongoing commission for the Upfront Option is currently 22% per annum which could result in a payment of \$330 per annum for as long as the policy remains in force, of which \$0 is retained by Lifespan, \$330 is paid to Premier Financial Planning & Investment Services and Robert will receive \$0. Where a level commission option is selected, it could be as much as 33%, or \$495, of which \$0 is retained by Lifespan, \$495 is paid to Premier Financial Planning & Investment Services.

This commission has what is called a 'responsibility period' imposed by the risk product issuer. This means that if the policy is cancelled within the first 1-2 years of inception commission is returned to the product issuer by Lifespan.
